

GARDEN CLEANUP

Date: Saturday, February 22, 2014

Time: 10:00 a.m.—2:00 p.m.

**Place: The Willmore Heritage Garden
7th St. and Maine Ave.**

It's that time of year again! Our low maintenance, low water use Garden needs its semi-annual cleanup. Please join the WCHA and neighbors and friends as we cut back the grasses and plants, getting ready for a spectacular spring bloom. Created by our community, the Garden is also maintained solely by us. Certified Horticulturist, Kathleen Irvine will be on hand to answer your pressing questions about California Native Plants—the how, when and why of choosing, planting and maintaining—as well as any other garden related topics you might have. Light snacks will be served..

Contact Kathleen Irvine for more information:
